

Insurance Information

the balanced kid, inc. is a Blue Cross Blue Shield (BCBS) PPO provider. We will bill your BCBS PPO plan for Occupational Therapy services. Not all BCBS PPO plans provide for Occupational Therapy coverage. We strongly suggest you contact BCBS for further details on the coverage available within your plan, as well as any exclusions or potential limitations.

You will find more detailed information on the insurance billing process as part of the client packet you will receive prior to your child's evaluation.

Co-Pays & Co-insurance

Many BCBS PPO plans have co-pays or co-insurance. These balances are due on the day of treatment and can be paid with a check or charged to a credit card that will be kept on file.

Out of Network Providers

the balanced kid, inc. will bill out of network providers on behalf of our clients. As with BCBS PPO plans, we suggest you contact your insurance provider to determine what coverage is available for Occupational Therapy services. For out of network providers an out of network rate for OT services will be charged at the time of the service, and clients will be reimbursed directly by their provider for the amount allowed based on the plan.

Out of Network Rates

Your therapist will discuss our out-of-network rates as part of the initial intake process.
